## BACCARAT SHOWROOM DESIGN

Showroom design for the French crystal brand Baccarat, which locates on the penthouse floor of the USA headquarter office. The design creates geometric clean shape, allows light to travel through fixture, maximize the advantage of natural light that the location has provided.

Organic sculptural fixture table are also design to create contrast with the linear design, soften and highlighting the focused product by the red color.

Initial Sketches

Designing a penthouse showroom for crystal involves creating an airy, luminous space that accentuates the beauty of the crystals while inviting a sense of tranquility. Large, floor-to-ceiling windows allow natural light to flood the room, casting enchanting reflections that dance across the walls and floors. Minimalist fixtures provide a contemporary backdrop that lets the crystals shine as the focal point. Visitors can experience the elegance and magic of crystal in a space that feels both expansive and intimate.
